EXPERIENCE

Avocademy — Mentor

Remote | Oct 2022 - Present

- Monitor student progress in studies and give constructive feedback to help with their UX/UI design career success.
- Assist students with emergencies that have the potential to affect their academic progress.
- Build videos tutorials for students who are behind their activities to help them move on quickly and effectively.

Freelance Designer (Chalc.io) — UX/UX Lead Designer

Remote | March 2022 - April 2022

- As a lead designer I take charge of a team of 5 designers in synchronization with the client.
- Create a component library by implementing the rule of 8 grid system with the result that the team experiences more flexibility.
- Develop desktop apps for SAAS platform by executing processes such as discovery phase, ideation, wireframe, UI design, prototype and developer handoff.
- Communicate with the client to understand the product and suggest solutions by creating high-quality features.

Freelance Designer (Shine) — UX/UI Designer

Remote | January 2022 - March 2022

- Perform UX/UI design process using agile methodology to iterative and improve features.
- Collaborate with the team to understand the product objectives and make suggestions through the design process.
- Develop and implement user centered design processes by designing creative solutions.
- Establish standards for interaction design artifacts including flow diagrams, wireframes, prototypes, and interaction definitions.
- Produce high-quality user interfaces and visual design - from concept to launch on mobile application.
